The ICT Product identified in this certificate and its attached certification report has been evaluated at the above mentioned notified evaluation facility using the Common Methodology for IT Security Evaluation (CEM) in application of relevant state-of-the-art documents for the AVA_VAN components 4 and 5 as well as application notes and interpretations on advice by the Certification Body in the versions published at the time the conformity assessment was carried out. The CC and CEM used for the evaluation of the above mentioned ICT product are published as ISO/IEC 15408 and ISO/IEC 18045 or as CC:2022 and CEM:2022.
(*) This certificate applies only to the specific version and release of the ICT product in its evaluated configuration and in conjunction with the complete Certification Report and Notification. For details see Certification Report part A chapter 5.
The evaluation has been conducted in accordance with the provisions of Commission Implementing Regulation (EU) 2024/482 of 31 January 2024 laying down rules for the application of Regulation (EU) 2019/881 of the European Parliament and of the Council as regards the adoption of the European Common Criteria-based cybersecurity certification scheme (EUCC) and the conclusions of the evaluation facility in the evaluation technical report are consistent with the evidence adduced.
